Air Cadet Training Orders

Training Order No 104

Aircraft Recognition Competitions

Scope

1. This ACTO becomes effective on 4 Dec 2020 and is applicable to both the ATC and (except where stated otherwise) RAF Sections of the CCF. It sets out the arrangements for the Aircraft Recognition Competitions in both the ATC and CCF (RAF) culminating in the National Finals.

Introduction

2. The RAF Air Cadets National Aircraft Recognition Finals will be held each year – normally on the third or fourth weekend in November. The Finals are the culmination of separate ATC and CCF (RAF) competitions.

3. There are two separate classes to the competition as follows:

a. **Under-16 Class.** For each stage of the competition, any air cadet who has not reached their 16th birthday before the day of the competition is eligible to enter the under-16 Competition. For instance, a cadet whose 16th birthday fell on 30 Apr would be eligible to enter the Stage 1 competition on 29 Apr – but would not be eligible for the Stage 2 competition on, say, 1 May. This applies to all entrants – whether team or individual. **Under-16s may also enter the Open Class.**

b. **Open Class.** For each stage of the competition, any air cadet, regardless of age, is eligible to enter the Open Class, whether or not they are also an individual entrant or team member in the U-16 Class - provided that they are a current member of the RAF Air Cadets on the day of the competition. For example, a cadet whose 20th birthday fell on 31 Oct would be eligible to enter the Stage 2 competition on 30 Oct – but would have “aged-out” before the Stage 3 competition in November. It is an “open to everyone” competition - **Not an “Over-16” competition.**

Substitutions may be made for cadets who reach their 16th or 20th birthday between competition stages (see paras 10 and 11).

4. The preliminary competitions for the ATC and the CCF (RAF) will each take place annually in 2 stage's as follows:

	ATC	CCF (RAF)
Stage 1	Wing Competitions	Area Competitions
Stage 2	Regional Competitions	Air Squadron Trophy Final Competition

5. Each competition is based on a team event for Sqn or Section teams of 3 cadets, and on an individual event in which all individuals making up the team compete automatically, but in which other individuals may also be entered; the team and individual events may be run concurrently.

Stage 1 Competitions

6. Each Wg/Area is to hold a competition for which each Sqn/Section may enter teams of cadets - as directed by Wg/Area. These competitions are to be included with other cadet activity - for example, Wg training days - and travel or other public expenditure solely for the competition is not to be incurred. The winning Sqn/Section team (and the winning individual cadet, if not already a member of the winning team) is to be nominated for the next stage of the competition.

NB The team that goes forward is the winning Sqn/Sect team – not a composite Wg or Area team.

Stage 2 Competitions

7. Each ATC Rgn is to hold a competition for the Sqn teams winning the Wg competition and for the best individual in the Wg, if that individual is not already a member of the winning team. The winners of the Rgnl stage are to be nominated for the National final. The Rgnl stage must be completed by mid-October each year.

8. The CCF (RAF) is to hold a competition for the Section teams winning their Area competition and for the best individual in each Area, if the cadet is not already a member of the winning team. The winning 2 teams from the Air Trophy Finals are to be nominated for the National Final by mid-October each year.

NB The teams that go forward to National Finals are Sqn and Sect teams – not composite Rgnl or Area teams.

National Finals

9. HQ RAFAC will oversee a competition for the winning teams and individuals from the Stage 2 competitions described at paragraphs 7 and 8. Details of the time and place will be promulgated each year.

NB The National Finals are no longer linked to the Air Britain Competition Final.

Individual Entrants

10. At each stage of the competition, the highest scoring individual goes through to the next stage of the competition – whether they are a member of the winning team or not. If they are a member of the winning team they go through as a member of that team – ie. only 3 cadets go through to the next stage.

11. If the highest scoring individual is not a member of the winning team they go through to the next stage, in their own right, as an individual. Consequently, 4 cadets go forward to the next stage: the winning team of 3, and the winning individual. This is the ONLY circumstance in which 4 cadets can go forward.

NB The individual entrant is NOT there to make up the numbers. Every entrant has to earn their place.

Substitutes

12. It is a basic principle of the competition that the cadets that reach the National Final should have earned their places by winning at both Stage 1 and Stage 2. However, it is accepted that, through illness or other circumstances, a team member may be unavailable for the next stage of the competition – or a birthday may have rendered them ineligible.

13. Under these circumstances, provided sufficient notice is given, the Chief Judge may permit the substitution of another cadet **from the same Sqn/Sect**. However, the following conditions apply:

- a. Permission to substitute a team member is entirely at the discretion of the Chief Judge.
- b. Substitution may be permitted for one team member per team only. (Substitution is not permissible for an individual who is not a member of a team).
- c. What constitutes “sufficient notice” is at the discretion of the Chief Judge for the stage and will depend on the circumstances: for example, a short notice substitution due to illness may be acceptable whereas a long-standing commitment would require considerably more notice.
- d. For the National Finals, a Sqn or Sect that substituted a team member in Stage 2 of the competition may field either the original cadet or the substitute – but not both. However, the cadet not selected - and only that cadet - may, if necessary, be permitted to act as a substitute in the National Finals. (See sub-para e.)
- e. If a Sqn or Sect that has substituted a team member in Stage 2 of the competition has a genuine reason to make a substitution for the National Finals they may (at the Chief Judges discretion and in accordance with sub-paras a-b) do so. However, the substitute must be either the cadet who acted as a substitute in Stage 2 or the original cadet for whom the substitution was made - depending which has already been selected for the team.
- f. In the case of a cadet becoming ineligible through age there is, under normal circumstances, no restriction to substituting at each stage. However, the principle that the cadets that reach the National Final should have earned their places by winning at both Stage 1 and Stage 2 is paramount. “Gamesmanship” will not be tolerated and any abuse of this rule may result disqualification of any or all of a unit’s entrants.

Syllabus

14. The syllabus, comprised of two lists of aircraft, will be promulgated by HQ RAFAC (TG1), updated annually.

15. At all three levels, aircraft for Under-16 competitions should be drawn from List 1 while aircraft for the Open Competitions should be drawn from both List 1 and List 2.

16. Lists 1 and 2 are provided at Annexes 1 and 2 respectively.

NB These lists are revised annually.

Competition Format

17. At every Stage of the Competition, in each Class (Under 16 and Open) there must be 30 views of different aircraft selected from the appropriate syllabus (List 1 for the U-16 Class and both list 1 and 2 for the Open Class) with 3 additional “tie-breaker” views which will only count towards an individual’s score in the event of a tie for first or second place. The views must be presented on 35mm slides or in PowerPoint format projected on a screen in a size appropriate to the room and viewing distance. At least 18 out of the 30 will be of military aircraft. Each view will be exposed for up to 2 seconds. The two competitions (U-16 and Open) may be run concurrently, if time constraints require this.

18. Stage 1 and 2 competitions are to follow same format as the National Finals, except that exposure times may be increased to 4 seconds maximum at Stage 1 finals and 3 seconds at

Stage 2.

Marking

19. One point will be awarded for the correct identification of the basic type of the aircraft shown.

- a. The aircraft's mark or series is not needed, except where there might be an ambiguity without it. For example, "Mirage" covers a range of several widely-differing types, therefore the mark must be given - eg "Mirage F1", "Mirage 2000". Nevertheless, in general a name or a letter/number designation is normally sufficient - eg "Hawk"; either "F-16" or "Fighting Falcon"; "Sentinel"; either "C-5" or "Galaxy"; etc
- b. Where a competitor chooses to give both the name and the designation, there must be no conflict between the two - eg for a view of an F-15 Eagle, the answers "F-15", "Eagle", "F-15 Eagle" are acceptable, but answers such as "F-15 Fighting Falcon" or "F-16 Eagle" are not
- c. For former Soviet or Warsaw Pact aircraft, the NATO reporting name and the letter/number designation (eg "FULCRUM", "MIG-29") are equally acceptable.

Finance

20. **Travel.** Cadets representing their Wg at Rgnl competitions, or their Rgn at the National competition, may travel at public expense in accordance with the appropriate travel regulations current at the time, as may the supervising adult in charge of each party, and adults nominated to run Regional competitions and the National competitions.

21. **Volunteer Allowance.** Volunteer Allowance for ATC adult staff concerned solely in the running of, or attendance at, these competitions is not admissible, except that at Rgnl/Corps meetings, if cadets are obliged to be accommodated overnight, one adult member of staff may be detailed by Rgnl HQ or HQ RAFAC (TG1) for the supervision and disciplinary control of all the cadets; and he or she may receive one day's Volunteer Allowance if uniformed staff.

22. **Budgets.** Travel allowances paid under para 10 are to be met from Wg and Rgn budgets for Rgnl finals, and HQ RAFAC central budget for the National Final.

Trophies and Mementos

23. The winners and runners-up at each National Competition will be presented with the team and individual trophies at the conclusion of the contest. These are as follows:

- a. The Spitfire Trophy - awarded to the highest scoring cadet in the Open Class
- b. The Heracles Trophy – awarded to the winning team in the Open Class
- c. Trophies will also be awarded to:
 - (1) The highest scoring cadet team in the U-16 Class
 - (2) The winning team in the U-16 Class.
- d. Medals, in "Gold" and "Silver" respectively, will be awarded to the winners and runners-up (both team and highest scoring individual) in each class.

Due to their intrinsic value and consequent insurance requirements the Trophies cannot be retained by the winners and will be displayed at HQ RAFAC.

24. As soon as practicable after the National Finals the winners and runners up in each of the National competitions will each receive a certificate. An additional copy of the certificates will be provided for the winners and runners-up units.

Annexes :

- A. Aircraft Recognition Syllabus List 1 (effective 4 Dec 20)
- B. Aircraft Recognition Syllabus List 2 (effective 4 Dec 20)

Aircraft Recognition Syllabus List 1
(This list is effective from 4 Dec 20)Aircraft for all **Under-16 Competitions** at all three levels you must draw from **This List Only**.

U16 Syllabus – 2020			
No	Aircraft	Manufacturer	Additional Information
Group 1: Jet, Fuselage Engine(s)			
1	AMX	AMX International	A-11 Ghibli
2	Hawk	BAe	T45 Goshawk / Hawk 100 / T2
3	Eagle	Boeing (McDonnell Douglas)	F-15 / F-15E Strike Eagle
4	Alpha Jet	Dassault / Dornier	
5	Harrier II	McDonnell Douglas (BAe)	AV-8B / TAV-8B
6	Foxbat	Mikoyan-Guryevich	MiG-25
7	Foxhound	Mikoyan-Guryevich	MiG-31
8	Fulcrum	Mikoyan-Guryevich	MiG-29 / 35
9	Spirit	Northrop	B-2A
10	Saab 105	Saab	SK-60
11	Flanker	Sukhoi	Su-27 / 30 / 33 / 35
12	Fullback	Sukhoi	Su-32 / 34
Group 2: Jet, Straight Wing, Fuselage Engine(s)			
13	MB-339	Aermacchi	
14	M-346	Alenia Aermacchi	Master
15	Hornet	Boeing	F/A-18 A/B/C/D / CF-18

62	EMB R99A	Embraer	E-99
63	EMB R99B	Embraer	R-99
Group 5: Jet, Rear Engines, Straight Wing			
64	Phenom 100	Embraer	EMB 500
65	Thunderbolt II	Fairchild Republic	A10 A/C
Group 6: Jet, Delta Wing/Variable Geometry			
66	Mirage 2000	Dassault	
67	Rafale	Dassault	
68	Typhoon	Eurofighter	EF 2000
69	Fishbed	Mikoyan-Guryevich	MiG-21 / MiG-21U Mongol
70	Flogger	Mikoyan-Guryevich	MiG-23 / MiG-27
71	Tornado	Panavia	IDS / ECR

72	Lancer	Rockwell	B-1B
73	Gripen	Saab	JAS-39
74	Fencer	Sukhoi	Su-24
75	Backfire	Tupolev	Tu-22M
Group 7: Twin Propellers, Low/Mid Wing			
76	Jetstream	BAe	31 / 41
77	(Super) King Air 200	Beechcraft	B200 / RC12 Huron / Guardrail
78	Atlantic	Dassault (Breguet)	Br1150 / Atlantic II
79	DA 42	Diamond	Twin Star
80	Dakota	Douglas	DC3 / C47 / C53 / C117 / Skytrain
Group 8: Twin/Triple Propellers, High Wing			
81	C-27J	Alenia	Spartan G-222
82	Clank	Antonov	An-30
83	Cline	Antonov	An-32
84	Coke	Antonov	An-24
85	Curl	Antonov	An-26
86	Islander	Britten Norman	BN-2 Defender
87	Aviocar	Casa	C-212
88	CN-235	CASA / Airbus	CN-295 / Persuader / HH-144 Ocean Sentry
89	F-50/60	Fokker	
90	Greyhound	Grumman	C-2
91	Hawkeye	Northrop Grumman	E-2C
92	C-160	Transall	
Group 9: Four Propellers			
93	A400M	Airbus	Atlas
94	Cub	Antonov	An-12
95	Lancaster	Avro	
96	May	Ilyushin	IL-38
97	Orion	Lockheed	P-3C / CP-140 Aurora
98	Hercules	Lockheed Martin	C-130 - L100
99	Bear	Tupolev	Tu-95 / Tu-142
Group 10: Single Propeller, Low Wing, Retractable Undercarriage			
100	Texan II	Beechcraft	T-6C
101	Prefect T1	Grob	G 120TP
102	Hurricane	Hawker	
103	PC-9	Pilatus	
104	Spitfire	Supermarine	
Group 11: Single Propeller, Low Wing, Fixed Undercarriage			
105	Tutor	Grob	G115E
Group 12: Single Propeller, High Wing			
106	C-150	Cessna	C-152
107	Supporter	Saab	MFI-17

Group 13: Amphibians, Biplanes and Twin Boom			
108	Be200	Beriev	Altair
109	Mail	Beriev	Be12
Group 14: Helicopters			
110	Puma	Aerospatiale	SA-330
111	Super Puma	Airbus	H215 / SA-532 Cougar
112	AW109	Agusta Westland / Leonardo	A109 Power / Power Elite
113	A129	Agusta Westland / Leonardo	Mangusta / T129
114	Griffin	Agusta Westland / Bell	Bell/AW412 / CH416 / Griffon
115	Merlin	Agusta Westland / Leonardo	EH-101 / Cormorant
116	Dauphin	Airbus Helicopters	AS-365 AS-565 Panther
117	H 135	Airbus Helicopters	Juno EC 135
118	EC 145	Airbus Helicopters	BK117
120	H 145	Airbus Helicopters	Jupiter
121	Ecureuil	Airbus Helicopters	AS-350 Squirrel AS-355 Fennec
122	AW159	Leonardo	Wildcat
123	AW189	Leonardo	AW149
124	AH-1	Bell	Cobra / Super Cobra
125	AH-1Z	Bell	Viper
126	UH-1N	Bell	Bell 212 / AB 212 / 204 / 205 / Iroquois
127	UH-1Y	Bell	Venom
128	Osprey	Bell	V-22
129	Apache	Boeing	AH-64 / Longbow / Guardian
130	Chinook	Boeing	CH-47
131	S-92	Sikorsky	CH-148 Cyclone
132	UH-60	Sikorsky	Blackhawk / MH-60
133	S-70	Sikorsky	SH-60 / Seahawk / Jayhawk
